Hawkers Asian Street Fare

Inventory control and record keeping. Knowledge of POS systems including Restaurant Manager, Aloha, 2Touch, Micros and restaurant manager. Assigned job codes, pay rates, and start dates on back end POS systems. Comprehension of P&L reports as well as E.B.I.T and E.B.I.T.A. reports. Over 4 years of experience using Hot Schedules scheduling software.

A.S Network Engineering
Miami Dade 2007

I'm a strong minded, hard working individual with an extensive management background. I have spent the last 4 years learning several programming languages such as Python, C#, Java, JavaScript, Kali Linux, Arduino, HTML, CSS, and BootStrap. Looking to become a junior/intermediate developer with a team that shares my passion for code. Able to work remotely or meet onsite as needed. Willing to relocate for ongoing projects which require full time support.
